

# SIXTH SESSION OF THE INTERNATIONAL SOLAR ALLIANCE ASSEMBLY

30 OCTOBER – 2 NOVEMBER 2023

## Sixth Session of the ISA Assembly

### COMMUNICATIONS KIT

#### About the ISA Assembly

The Assembly is the apex decision-making body of the International Solar Alliance (ISA), in which each Member Country is represented. This body makes decisions concerning the implementation of the ISA Framework Agreement and coordinated actions to be taken to achieve its objective. The Assembly meets annually at the ministerial level at the seat of the ISA. It assesses the aggregate effect of the programmes and other activities in terms of deployment of solar energy, performance, reliability, cost and scale of finance. The Republic of India holds the office of the President of the ISA Assembly, with the French Republic as the Co-President.

The Sixth Session of the ISA Assembly will be held on **October 31, 2023** and will be presided over by Shri Raj Kumar Singh, Hon'ble Minister for Power, New and Renewable Energy, Government of India and the President of the ISA Assembly. Ministers, Missions and delegates from 116 Member & Signatory Countries will participate along with Prospective Member Countries, Partner Organisations, private sector and other stakeholders.

The ISA Secretariat has planned a **High-level Conference on New Technologies for Clean Energy Transition** in collaboration with the Ministry of New & Renewable Energy, the Government of India, the Asian Development Bank, and the International Solar Energy Society on **November 1, 2023**. The conference will focus on various issues concerning climate change and solar energy deployment.

As a valued partner - here's all you need to know about the Sixth Session of the ISA Assembly, with copy and artwork to share in your newsletters, on your website, and social media over the following days.
